PROFESSIONAL EXPERIENCE

Software Developer

Star Intellisoft Private Limited

03/2023 – present
HYDERABAD, India

Web And Mobile App Development | Al Habtoor Motors and Towell Group

- Developed responsive web applications using React.js and JavaScript, using reusable components for better performance and code organization.
- Built cross-platform mobile apps with React Native, ensuring consistent functionality on Android and iOS.
- Designed accessible UIs with HTML5, CSS3, Flexbox, and Grid, following modern responsive design and accessibility standards.
- Integrated REST APIs using Axios, streamlining data handling and improving app performance.
- Managed application state with Redux, supporting smooth and predictable data flow in complex interfaces.
- Improved app speed with lazy loading, code splitting, and performance tools like Chrome DevTools and Lighthouse.
- Set up CI/CD pipelines using GitHub Actions. Deployed web apps and static sites via Microsoft Azure, and mobile apps using Codemagic.
- Ensured quality with unit and integration tests written in Jest and React Testing Library.
- Followed agile practices using Jira and collaborated with cross-functional teams to deliver features on time.
- Built SEO-friendly static websites using Hugo, hosted on Azure for fast and reliable access.

Personal Projects

Personal Portfolio Website

2025

Developed a responsive portfolio website using React.js and Material UI, featuring smooth animations, a modern glassmorphism design and mobile-friendly navigation.

Tech Stack: React.js, Material UI, Framer Motion, AOS, JavaScript, HTML5, CSS3
